

LEAD BEYOND HORIZONS

PRESENTATIONS & GUEST SPEAKING FOR IMPACT

Inspiring. Practical. Memorable.

Powerful sessions that build hope, resilience, motivation, and purposeful leadership through story, insight, and lived experience.

Founder Insight

These presentations draw in part from the founder's forthcoming book, *Don't Finish Where You Started*, which is currently being edited and is expected to be ready for publication by the end of 2026. They also extend beyond the book, including additional themes, experiences, reflections, and stories that could not all be included in the manuscript, as well as insights that emerged after the book was written.

FOR EDUCATORS AND SCHOOL LEADERS

Every Child Needs a Champion

Transformational Conversations That Change Lives

Participants are encouraged to reflect on the enduring influence of educators as champions, the power of transformational conversations, and practical ways to strengthen culture, belonging, aspiration, and student growth.

- A compelling presentation on the life-changing impact of teacher belief, relational leadership, and meaningful conversations in schools.
- Grounded in personal story and professional experience, this session invites educators to reflect on the conversations they have with students, colleagues, and leaders - and how those conversations can shape motivation, identity, hope, and success.
- Ideal for staff professional learning days, leadership forums, conferences, retreats, and school improvement events.

Calm, Clear, and Caring

A Relational Lens for Student Behaviour

Participants are invited to reflect on the deeper stance that shapes effective behaviour management: calm authority, clear expectations, relational care, and consistent follow-through. This session explores how the lens teachers bring to behaviour can influence tone, interaction, classroom climate, and the conditions for learning.

- A thoughtful and practical presentation on student behaviour, teacher presence, and the power of responding with care, dignity, calm, and firmness.
- Grounded in classroom experience, professional reflection, and research on teacher-student relationships, this session encourages educators to consider not only what they do to manage behaviour, but how they do it.
- Ideal for staff professional learning days, leadership forums, conferences, retreats, teacher induction, and whole-school wellbeing or culture events.

FOR SENIOR STUDENTS (YEARS 11-12)

From Struggle to Strength

Building Resilience and Hope for the Future

Students are challenged to reflect on how adversity can build strength and character, and how courage, persistence, and education can open pathways to opportunity.

- An inspiring and practical presentation on resilience, personal responsibility, life choices, and the courage to keep moving forward through challenge.
- Through story, reflection, and real-life lessons, students are encouraged to see that their current circumstances do not define their future.
- Ideal for senior assemblies, wellbeing programs, student leadership events, motivational sessions, and pathway programs.

PREMIUM INVESTMENT

60-minute presentation

A high-impact keynote or presentation tailored to the audience and context.

from A\$2,950

90-minute interactive session
